

Charter in Croatia – 26th April to 3rd May 2008

10 ROC members and two non-members greatly enjoyed a week's charter aboard two 8-10 berth Gibsea 43s from Pula, at the southern tip of the Istrian Peninsula, visiting six of the North Adriatic islands.

The boats were adequately equipped and there was plenty of space with only 6 on each.

The weather was cool some days and pleasantly warm on others, with one wet day. There was good sailing on some days, and some close encounters with dolphins.

Pre-dinner aperitifs aboard alternative boats stimulated social interaction and enjoyment of great yet inexpensive dinners ashore.

There have been a number of requests for further charters.
