

Littlehampton Rally - 7th/8th June

The weekend of 7/8th June saw some of the best weekend weather of the year so far. Four boats headed out of the Solent enroute to Littlehampton with a light breeze from the North West. At the start all were motoring but one by one we were all sailing and enjoyed the passage through the Looe Channel and beyond.

At Littlehampton we were joined by Mike and Sue who had done a virtual cruise in their car and stayed at a local B&B

The evening meal and live band at the '**Silk Road**' restaurant was full of character. The food, which was based upon a Turkish/Mediterranean theme, was excellent. Sunday saw us playing 'Crazy Golf' where the true competitiveness of some of our members was clearly apparent. The tide required us to wait until 14:00 before leaving. The forecast NE wind was a Southerly Sea Breeze. Only one yacht managed the passage to the Looe Channel on one tack but another very pleasant sail. After the Looe Channel the wind died and the late hour meant we motored back to Portsmouth.
