

2 February 2009

Dear Club Member

Although road conditions in Reading are not bad at the moment, there is 15cm of snow in Datchet where Malcolm Barrett has to come from, 15cm in Hartley Wintney, 30cm or more in Godalming, and with more snow and freezing temperatures forecast for this evening and motoring organisations advising not going out unless absolutely essential, and despite my reluctance to cancel, a significant number of members feel we should cancel, so please take this as notification of cancellation of this evening's meeting.

I have notified Bob King, the UTMYC member who was going to man the bar.
